Find out what  
our partners think ...

**You can finally do it all!**

Sometimes, life should be easy. And being successful just feels good. With BEMER you can rely on the international market leader in the field of physical vascular therapy. Our goal is that our devices will one day be found in every household, which means continued rapid growth.

**We can share this success – if you simply say “Yes”. Yes to:**

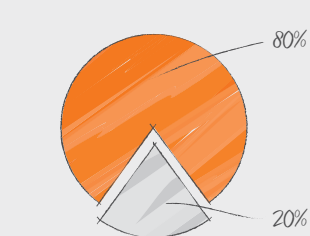

- Success in the **thriving healthcare market**
- A rewarding second or main job
- **Immediate earnings** with low capital investment
- Satisfied customers
- **Easy to get started**
- **Team-based cohesion and support**
- Making decisions and being your own boss
- Flexible working hours and a healthy **work-life balance**
- Compelling products
- Comprehensive education and training opportunities

**Statistics**

Employees or other workers describe feeling rushed at work, having to go to the limits of their capacity, shortening their breaks or in some cases or skipping them altogether, or continuing to work at home (possibly even unpaid). This not only negatively impacts the quality of the work being performed. If the body is exposed to permanent stress, which is the case with frequent overworking and feelings of being overwhelmed, this can have serious consequences for those affected, both physically and psychologically – the person becomes ill.

**80 %**

very often/often feel  
overstretched and overburdened  
in their professional activities

- Feel rushed at work
- Do not feel rushed at work

# I want to be my own boss at last!

Health and pharmaceuticals – the largest growth industries. Their growth is also our growth!

Do you want to steer your life in a new direction? While being around people? And earning good money in the process? We can offer you incredible opportunities with friendly support and the security of a strong brand – BEMER Int. AG is fully committed to promoting the health of people and animals with its effective, multi-award winning treatment method. For many people, the BEMER® physical vascular therapy has long been part of their routine at home. Or in the stable. For athletes, families, singles, younger and older people alike. For everyone. Since 1998. Every day our number of users grows. After all, our health is the most important thing we have.

Becoming a partner – a decision based on common sense.

As a BEMER partner you are an entrepreneur among entrepreneurs. Within a strong network with professional and friendly support, and as part of an extremely successful sales team, but without constant pressure to perform. Respectful, positive and healthy cooperation is what makes us special – and shapes your success. Whether you want to turn your life around, finally make a fresh start, push yourself even further, or simply try something new: BEMER can give you what you need.

Personalized support

Full-time or part-time

Work from home

4 out of 5

Overall satisfaction with BEMER

Source: BEMER IBD Survey 2020

BEMER is at home all over the world.

Be among the winners with BEMER.

Over 30,000 sales partners in a great network spanning more than 30 countries are already convinced. Now you can join the front-runners.

The choice is yours. Choose success.

The BEMER® physical vascular therapy helps people and horses alike. You are therefore free to decide which of these two product lines you want to distribute – or maybe even both?

The devices are easy to understand – and easy to explain.

What's more, using them is child's play. At joint workshops and events we will get acquainted with each other – and with the BEMER devices, too. In a warm and supportive atmosphere, among friends. Good to know: Someone is always on hand to listen to your questions and support you. \*

\*You must attend the obligatory BEMER Start-up Seminar within 180 days from your sign-up date. If no booking is made within 180 days, your partnership will be canceled. Joining as a Business Partner Trainee (BPT) is also possible without a BEMER device; however, team building and product sales are only available with the purchase or sale of your first device.

The Wheel of Life for Self-Analysis

Where are you right now? Where would you like to be? It's all down to you. Simply take a pencil and mark where you currently stand in each area. How "round" is your wheel? Where are the "bumps"? Where do you want to add new drive? Let BEMER be your motivation for the future ...
